

Srinivas Ragi

E-mail: srinivasragi14@gmail.com

Mobile: 9848070306

Location: Hyderabad, Telangana

OBJECTIVE:

Dedicated and organized software developer with strong teamwork skills, currently working in the field and eager to further enhance my technical expertise. Seeking opportunities to contribute to organizational success while continuously learning and developing new skills.

PROFESSIONAL EXPERIENCE:

Web developer intern (2024/04 – 2024/11)

SandBlaze Digitals Pvt Ltd

Hyderabad, Telangana, India

ROLE DESCRIPTION:

- * As a **web developer intern**, I'm adept at creating visually engaging and responsive web solutions using HTML5, CSS3, JavaScript and Bootstrap5.
- * Collaborating closely with designers, I translate design mock-ups into functional websites.
- * I maintain website functionality and compatibility across browsers and platforms.
- * Committed to continuous improvement, I stay updated on emerging web technologies to deliver high-quality results efficiently.
- * Experienced in using version control systems like Git to manage code changes and collaborate effectively with team members.
- * Skilled in MySQL database design, development, and integration, ensuring efficient data storage and retrieval.
- * Experienced in PHP for backend development, creating dynamic and data-driven web applications.
- * Experienced in connecting front-end interfaces with backend systems, enabling seamless user interactions and real-time functionality.
- * Delivering end-to-end web solutions by integrating front-end technologies with backend systems, ensuring responsive design, seamless data flow, and cross-browser compatibility.

Full stack java developer course (2022/11 – 2023/09)

J spiders (JNTUH)

Hyderabad, Telangana, India

ROLE DESCRIPTION:

- * Here I learnt how to apply my theoretical knowledge of technical skills into to practical.
- * By using **Html5**, **Css3** and **Java script**, I designed a project called **food and travel blog** in this we get to know how the web pages works in the real time.
- * Gained hands-on experience with MySQL for database design and management, integrating it with web applications to enable efficient data storage and retrieval.

GIS planner trainee (2021/12 – 2022/09)

Cyient Limited

Hyderabad, Telangana, India

ROLE DESCRIPTION:

- * During my position as a **GIS planner trainee**, I have completed many tasks and project that helped me to improve my skills.
- * I worked on a project called SSSEN in this we analyse the spatial data to discover patterns and trends from the mapping software called **small world**.
- * By fletching data from **Maximo** application and comparing that appropriate data in real time through satellite images. Constructs the digital maps of electrical networks.
- * I collaborated with cross-functional teams to integrate GIS data with other systems, ensuring data accuracy and enhancing the decision-making process.
